MARS

Mars range of sprayers are the plastic hand compression range of sprayers. A one piece molded plastic tank, 100% leak proof as there are no joints. Made of 100% Ultra Violet stabilized plastic.

ORION

ORION SUPER constitute a series of very practical, professional and reliable compression sprayers, with a tank capacity ranging from 3.0 L to 9.0 L.

These durable ,multi-purpose garden sprayers turn out to be perfect for plant protection.

They are mainly ear marked for the application of liquid agents, including foliage fertilizers and soluble substances providing plant protection from diseases, weeds or pests.

All components of the ORION SUPER - series sprayers are made of highly durable and chemically resistant materials.

The sprayers are equipped with a safety valve which protects against explosion. High-quality seals and a tank-stabilizing base (O ring) additionally increase safety.

ORION SUPER are equipped with telescopic lances with smooth adjustment the length (in the range from 0.6 to 1.2 m), carrying straps with a shoulder pad, and a funnel with strainer for convenient pouring of chemical agents.

A volume scale on the tank enables precise measurement of liquids used.
