

# CURRICULAM VITAE

Name : **Mangesh Govind Bende**

Email :- mangesh.bende@gmail.com

Mob - 9820510543

**OBJECTIVE** : To work in competitive & challenging environment so as to enhance m knowledge & experience to implement efficient work methods for development of organization

## **CAREER SUMMARY :**

### **EDUCATIONAL QUALIFICATION :**

- **Diploma in Mechanical Engineering** passed from Government Polytechnic Mumbai of Maharashtra Technical Board in March 2001 with 80 %
- **HSC Science** passed in March 1997 from Mumbai university with first class 70 %
- **SSC** passed in March 1995 from Maharashtra state board with distinction 84%

**Extra Qualification** : **Graduate Diploma in Material Management** from Indian Institute of Material Management with 60%

### **Additional Qualification :**

Computer skill : Certificate Course of AutoCAD , Knowledge of MS Office ,

Software Skill : Certificate course in Advance Excel , Internet & ERP software

Soft skill : Certificate course of Leadership and Sales Management

### **Training and Certification of courses :**

1. Six months In plant Training in **Larsen & Toubro Ltd** , Mumbai Heavy Engineering Fabrication Division
2. Certificate course **Internal Auditor** for **ISO 9001:2015** Quality Management system
3. Certificate course of Liquid penetration testing ( DP Test) ASNT level II and Certificate course of Radiography Testing Film review certified ASNT level II
4. Certificate course of **Lean six sigma Green Belt & Operation Management Business process & system**
5. Certificate course **Internal Auditor** for **IATF 16949:2016** Automotive Quality Management system

### **WORK EXPERIENCE :**

Total 18+ year experience in manufacturing engineering companies as Sr Quality and Production planning professional in varies industries such as Oil & gas, Automobile, sheet metal, Fabrication , Valves industries etc

#### **Achievements:**

- Learned Vendor development & Audit, Process improvement , vendor and Quality management
- Knowledge of Various standard ASME, ASTM & ANSI, Third party inspection & Documentation etc
- Improved product Quality and reduced rejection by various tool and methodologies, learned new skills
- Improved productivity and inspection time & Involvement in process improvement by use of various method

#### **1. Company Name : Gauges Bourdon India Pvt Ltd , Navi Mumbai**

**Designation &** : Assistant Quality Manager

**Duration** : From Nov. 2022 To Till Date

**ISO 9001:2015 and EMS14001 and OHSAS 45001, ATEX, CE, IEC certified Company** collaboration with Gauge bourdon France manufacturing **Pressure gauges & Switches, Level gauges, Thermocouple , Thermowell, Valves Manifold, RTD** other instrumentation products Company having Fabrication set up , CNC & conventional machines & CAD design & Assembly set up supplied to varies industries Like Petrochemical, Oil and gas, Chemical ,sugar, Pharma industries etc and exporting product to other countries

## **JOB PROFILE**

- Allotment of inspection work to inspectors & day to day inspection of Incoming machined , sheet metals child parts ,Rubber , Plastic & Bought out, Hardware, die casting Aluminum parts  
Inspection reports finalization, GRN Clearance & Monitoring Inspection of Incoming materials
- Monitoring measurement of parts & Clearing inspection reports , Job card as per work order base on customer order
- Resolve problems through root cause analysis by implementation of CAR & customer complaint Analysis
- ISO Documentation related to Quality control Department & keeping update records & follow up ,
- Involvement in ISO Audit , other Different Audit and Documentation of valve testing ,
- Making Quality assurance plan as per customer work order , Approval & follow up from customer  
Developed gauges for checking parts for Reducing inspection time
- **Handling Third party inspection** & final reports preparation ,Documentation & follow up & clearance
- Analysis of data of Inspected parts & Making monthly non conformity reports & rejection & rework analysis , prepare CAPA report for non conformance part
- Coordination& involvement for solving internal quality related problem & complaint analysis ,Corrective Action & Analysis for non conformance parts, Rejection & rework follow up & reduction of rejection
- Calibration of gauges & forwarding measuring instrument to outside at frequent interval as per plan
- Conducting supplier Audit o vendor site, and vendor management & interaction with vendors & guidance to vendors in process improvement, Sample evaluation of new supplier ,solving issue with supplier, controlling rejection of suppliers
- Assist to QC manager & co-ordination with other departments as per requirement
- Provides monthly MIS report ,Analyze and initiate quality systems improvements and corrective action to ensure ongoing compliance with customer requirements, company policies and procedures

### **Past experience :**

#### **2. Company Name : Portal Engineering Pvt Ltd , Navi mumbai**

ISO 9001 Certified company manufacturing elevators , lift and car parking system parts  
Including fabrication , sheet metal fabrication parts and CNC ,VMC Components

**Designation & : Sr. Production planning & Quality Engineer**

**Duration : From June. 2021 To Oct. 2022**

### **JOB PROFILE :**

- Planning production activities as per sales plan and allocate work
- Create job routing in according to inhouse and external resources and execution and monitoring and tracking of different manufacturing activities ,arrange dispatch of material as per plan
- Material planning as per production schedule and nventory management
- Prepare reports and MIS report on regular basis to update management on status of various order
- Inspection of Incoming , Inprocess and Final inspection of parts and prepare reports
- Resolve problems through root cause analysis & customer complaint Analysis
- ISO Documentation maintaining & keeping update records & follow up ,Involvement in ISO Audit
- Making Quality assurance plan as per customer work order , work instruction
- Developed gauges and prepare check list for checking parts for Reducing inspection time
- Calibration of gauges & forwarding measuring instrument to outside at frequent interval as per plan
- Supplier evaluation and process audit of new supplier and supplier follow up for technical problem
- Solving and expediting to achieve deliveries as per purchase order terms
- Analysis of data of Inspected parts & Making monthly non conformity reports & rejection & rework analysis , prepare CAPA report for nonconformance part

#### **3. Company Name : Protego India Pvt Ltd, Navi Mumbai**

**ISO 9001:2015 and EMS14001 and OHSAS 45001 certified** 100% subsidiary of Braunschwiger  
Flammenfilter GmbH German based MNC Company having Fabrication set up ,CNC & conventional  
machines & CAD design & Assembly set up manufacturing different types of **Industrial safety valves**

**& flame arrestors & pressure vacuum valve ( breather valve) & Tank accessories other related products** supplied to varies industries Like Tata project Ltd , Toyo Engg Ltd , Reliance Industries , Samsung Engg Ltd ,Engineers India Ltd ,Sandoz ,Bayer ,ONGC, Larson &Toubro &Exporting products

**Designation & : Sr. Quality Control & Assurance Engineer From Apr. 2010 To May 2021**

**Duration Purchase engineer From Jan. 2009 To Mar. 2010**

### **JOB PROFILE**

- Monitoring measurement of parts ,On line in process(Machine shop) inspection & Clearing inspection reports , Job card as per work order base on customer order
- Allotment of inspection work to inspectors & day to day inspection of Incoming machined , Casting, child parts ,Rubber , Plastic & Bought out, Hardware  
Inspection reports finalization, GRN Clearance & Monitoring Inspection of Incoming materials
- Monitoring measurement of parts ,On line in process(Machine shop) inspection & Clearing inspection reports , Job card as per work order base on customer order
- Resolve problems through root cause analysis by QC tools & customer complaint Analysis
- ISO Documentation related to Quality control Department & keeping update records & follow up ,
- Making Quality assurance plan as per customer work order , Approval & follow up from customer  
Developed gauges for checking parts for Reducing inspection time
- Handling Third party inspection & final reports preparation ,Documentation & follow up & clearance
- Analysis of data of Inspected parts & Making monthly non conformity reports & rejection & rework analysis , prepare CAPA report for non conformance part
- Coordination& involvement for solving internal quality related problem & complaint analysis ,Corrective Action & Analysis for non conformance parts, Rejection & rework follow up & reduction of rejection
- Monitoring cost of poor quality of vendor and inhouse shop floor and maintaining related data
- Calibration of gauges & forwarding measuring instrument to outside at frequent interval as per plan  
Conducting inspection on sub contractor site & interaction with vendors & guidance to vendors in process improvement, Sample evaluation of new supplier
- Assist to QC manager & co-ordination with other departments as per requirement
- Controlling quality in in process stage by process improvement, stage Inspection & by using gauge,
- Review of RT films of radiography Testing part and preparation of DP test report of DP testing part
- Provides monthly MIS report ,Analyze and initiate quality systems improvements and corrective action to ensure ongoing compliance with customer requirements, company policies and procedures
- Preparation of Final inspection reports for New Development part and test report  
Continual improvement by adding various inspection facility to detect process rejection.

### **Purchasing function :**

Preparing purchase order and purchase requisition and Supplier development and supplier selection & evaluation, involvement in cost reduction and negotiation & Outsourcing work & taking quotation & enquiry  
Vendor visits for vendor Audit & vendor development ,Vendor improvement & Problem Analysis with vendor

### **4. Company Name : Progressive Engineering Pvt Ltd , Mumbai**

ISO 9001 Company manufacturing of Automobile parts such as Precision Machined parts , Fabricated part CNC Turned components & Sub assemblies used in Automobile Industries Like *Mahindra & Mahindra Ltd, Ashok Leyland Ltd, International Tractor Ltd* & other Industries like *Larsen & Toubro Ltd*

Designation : **Quality Control cum Production planning Engineer**

Duration : **From Nov. 2003 To Dec. 2008**

### **JOB PROFILE**

- Part inspection in varies stages like Incoming material, In process Inspection (online machine shop), Pre-dispatch Final Inspection, Testing hardness of parts & Making Inspection Reports Allocation of work to inspectors & machine operators day to day basis as per production

- Preparing drawing on AutoCAD, Co-ordination with other departments , Interaction with vendors, Sub-contractors & Sample evaluation for new suppliers
- Material planning as per work order & Production Follow up & Handling customer Complaints
- Analysis of data & Participate in Quality review meeting Corrective & Preventive action for non confirming Parts & making reports
- Calibration of Gauges & Fixtures, Keeping records & Update data as per Calibration plan & sending measuring instrument & gauges to test Lab for calibration at regular interval
- Involvement in Preparation Process plan & SOP documents for new develop parts including Process flow Chart, Quality plan & Control plan for new development parts
- Working as Internal Quality Auditor for Internal Quality Audit of ISO (Quality Management System) Documentation & report preparation related to Quality control
- Using QC Tools like SPC (Statistical process control), MSA (Measurement system analysis)
- Involvement day to day Planning activities & Material follow up etc

#### **5. Company Name : DANAHER MOTION INDIA PVT LTD**

ISO 9001 Multinational company manufacturing of brushless DC Motor & other related product worked as **Trainee Engineer**

**From Dec. 2001 To Dec. 2002 Duration -1 Year**

- Inspection at vendor end and guide them to improve their quality of product.
- Inspecting all type of Machine parts ,Castings and Raw Material & Fabrication.
- 5S activities, Kaizen, 7QC tools.
- Vendor development activity.
- To prepare CAPA for rejection and rework analysis.
- Conducting Process Audit and Product audit at supplier end.
- Root cause analysis for non-conformity and customer complaint.
- To carry out the product development, fixture development and inspection at supplier end

#### **PERSONAL DETAILS**

Date of Birth : 17/12/1980

Address : Dhanashree CHS Ltd ,Flat F202 ,Plot no 31,  
Sector 2 ,Koperkhairane, Navi Mumbai -400709

Languages Known : English, Hindi , Marathi

**Expected salary – As per Industrial Standard and norms and experience**
