TREATMENT

COCKROACH CONTROL

Whether you're a homeowner, facility manager, or pest control operator, the PESTGUARD 200 helps you handle infestations confidently, quickly, and effectively — no guesswork, no compromises.

WHY

# PESTGUARD<sup>®</sup> 200

## **Saves Time on Every Job**

With quick-change nozzles and a high-efficiency pump, Pest Guard 200 minimizes downtime between applications. You can treat multiple pest types in one visit, switching nozzles in seconds instead of changing equipment.

## **Professional-Grade Build**

Unlike consumer sprayers that wear out quickly, Pest Guard 200 is engineered with chemical-resistant materials and heavy-duty parts that withstand regular, rigorous use. That means fewer replacements, fewer breakdowns, and lower long-term costs.

## **Versatile for All Services**

Whether you're treating for:

Bed bugs in hotel rooms OR Mosquitoes in residential colonies OR Termites in post-construction buildings OR Cockroach infestations in commercial kitchens

...you only need one sprayer, making PestGuard 200 your go-to tool across multiple services.
